PHS 2022 Poster Guidelines

Displaying Poster Guidelines

- Each Poster will be assigned a **Display Code** at the venue. This information will be displayed in the event area. Please check the display code at the Poster Area.
- Some posters will be fixed on day one and others will be fixed on day two according to PHS-2022 schedule send to authors via e-mail.
- Posters to be fixed in the designated space in the morning of either day one or day two of the event before 10:00am.
- Materials required to fix the poster like glue tack, tape or other adhesive materials etc. will be the author's responsibility.
- Authors should be available during breaks to answer questions and take part in discussions.

Poster Format

- Poster size is 35.4" (0.9 m) width and 59" (1.5 m) height (Potrait/Vertical format only). *Note the mounting space on the horizontal will be 100 cm width only.*
- Materials should be mounted on thin, glossy colored poster paper or cardboard and mounted on the poster board under the assigned display code that will be posted on your board prior to setup provided.
- Posters should be readable from a distance of 1-2 meters.
- Each poster should have the following:
  - Institution Logos should be clear on top left and right of the poster.
  - Title should be in a large bold font.
  - Author names should be written in a font smaller than the title.
  - Author affiliations should be written in smaller italic font under author names.
  - The email of the corresponding author should be clearly written under author names and affiliations.
  - Clear section headings should be used, such as Introduction or Background, Aim or Objectives, Methodology, Results or Output and Conclusion or Implications.
  - The number of figures and tables should not exceed 6, of homogeneous size. Table titles should be clearly inserted above tables, while figure captions are inserted below figures in italic smaller font. Figures and graphs should be relevant to the content.
  - Most relevant references should also be included and written using reference manager software.
- Posters that do not conform to the guidelines will not be displayed in the conference.

Important note

The poster in **PDF form** should be submitted via the **Online Poster Form** before **15ᵗʰ October 2022** to be included in the competition.

Poster Certificates

- For professional posters: ONLY one certificate will be provided for each Professional poster. This will be awarded to the representative author only who has attended and registered for the event.
- For student posters: all registered authors will be provided with a certificate

AWARDS

- Posters will be evaluated by a panel of distinguished professors, chosen by the Scientific Committee, of the same specialty to the presented scientific research work.
- It is mandatory for the author awarded for the poster to be present at the closing ceremony.
